Welcome!

Dear potential sponsors and exhibitors,

We are proud to announce the 4th International Conference on Neurorehabilitation and Neural Repair (NNR) organized by the Dutch, Belgian and German Societies for neurorehabilitation and the Association of Chartered Physiotherapists in Neurology in the United Kingdom (ACPIN). In line with our previous highly valued conferences, the next NNR-conference will be scheduled again in Maastricht at 31 May-2 June 2023

The main goal of this congress is to bridge the gap between neuroscience and clinical practice. This 3-day meeting will focus on the most recent advances in neurorehabilitation research that are ripe for translation, providing opportunities to share knowledge, experience and most recent developments in applying evidence-based practice.

The scientific program will be the platform for the most distinguished speakers in the field of neuroplasticity and neurorehabilitation. The program is dedicated to the management of most common problems such as gait and balance control, spasticity, cognitive impairments including barriers and facilitators of implementing the current evidence in the field of stroke, Parkinson's disease, MS and neuromuscular disorders.

With that, the multidisciplinary conference will be relevant for all professionals dedicated to neurorehabilitation such as physicians, neurologists, physical and occupational therapists, nurses, movement scientists, bioengineers as well as those who are involved in the management of neurorehabilitation.

We like to invite you and look forward to welcome you in Maastricht next year!

Kind regards,

On behalf of the DSNR, BSNR, DGNKN and ACPIN,

Prof. Dr. Gert Kwakkel
Congress chair

Why Exhibit / Sponsor this congress?

Conference Topics

1. Keynote lectures by international experts
2. Focused symposia with invited speakers
3. Free oral communication sessions
4. Best Young Scientist Award
5. Industrial symposia at lunchtime
6. Ample space for free poster communications
7. Best poster award

Who will attend?
This conference will bring together neuroscientists, neurologists, physicians in medical rehabilitation, (bio)engineers, physiotherapists, occupational therapists, movement scientists, neuroscience nursing and other professionals involved in the field of neurorehabilitation research.

What is the Expected Number of Participants?
Over 600 delegates worldwide from multidisciplinary backgrounds will attend this congress.

What countries do they represent?
Besides the Netherlands, Belgium, Germany and the UK, delegates from over 34 countries, representing Australia, Canada, Japan, Jordan, Lebanon, Mexico, Korea, Thailand, the USA and more are expected to attend.

Some delegate feedback from the 3rd NNR congress in 2019:
Workshops:
"Good interactive workshops, with practical cases and interactive discussions! "

Plenary and Invited speakers:
"I particularly appreciated the range of topics, from pre-clinical/animal studies to applied clinical, and the different clinical background of all speakers."

Program:
"Interesting lectures with a wide variety of topics. A well organized and clear schedule"

"Wonderful to have those speakers from all over the world!"

"I really liked the concept of focused symposia and the different topics that were given"

Exhibition:
"As an exhibitor, I had interactions that were more valuable on average, than I expected,"

Delegates:
"Thank you! For me it was the first time at this congress and I loved the content, the organization and the whole atmosphere."

"Keep up the good work, it's an outstanding event!"

Important notifications

- The NNR is a foundation and does not need to incorporate taxes/VAT.
- Since the foundation is VAT exempt in the Netherlands, we don't have a VAT number.
- According to the AGV / GDPR General regulation of the EU we do not provide any details of delegates to sponsors nor can these details be bought.
- The rent of the exhibition area is excluding the costs of stand building, carpeting, electricity, water, furniture or any other stand-related costs.
- The sponsor is responsible for providing logos, advertisements, company profile etc. to the congress organization.
- The NNR 2023 congress is liable to the Dutch laws regarding medicine advertisements for prescribers and non-prescribers. All of these rules are combined in the 'Code Geneesmiddelen Reclame (CGR)' guidelines which apply to all sponsors. For more information, please visit the website: www.cgr.nl/en.

  Since this is a congress with a 'mixed' target group pharmaceutical companies may not advertise prescription-only products, except during their 1-to-1 contact moments with healthcare professionals.
  - Pharmaceutical companies may build a corporate stand
  - Pharmaceutical companies may build a stand-in-stand in this case you may only allow healthcare professionals into the private area in the stand

  Advertisements in the congress bag, program booklet, proceedings book, abstract book, website and app may only include advertising for the company itself ('corporate advertising') witch may be directed at the general public. The congress organization will make sure that Healthcare professionals and non-healthcare professionals can be recognized as healthcare and non-healthcare professionals.

In order to address your requests, the organizing committee is available to discuss any ideas or initiatives that are not listed above.
